Thank You to our JA Volunteers and Donors!

Thank you volunteers for an awesome year! During the 2010-2011 year, our volunteers of Junior Achievement of Western CT made an impact on 22,729 students in our local region!!! It is because of their dedication and passion to help students achieve academic success, that these students will be able to apply the knowledge, skills and financial literacy acumen to accelerate in school and continue on to a great career path. On behalf of the Board of Directors and staff at Junior Achievement of Western CT, we congratulate you on a job well done to empower young people to own their future economic success!

Thank you donors for an awesome year! We've experienced hard economic times, but in spite of that hard reality, your belief and passion about education and helping students of all ages understand financial literacy, generated enough revenue to exceed our financial goals! Without you, our dear donors, JA wouldn't be able to inspire and impact the lives of over 22,000 students!
